CHNOR. s & Produce

Southern newspapers have alway, been de In us report on the I dians Secretary beh 12 roted almost accelerately to politics to the neglect of commerce manufactures rathers is due too and the general interests of their part of the country. Proud of their part of the country are not related to their part of the country are not related to their part of the country. The new relative to the resummed known the country are not related to the resummed known the country are not related to the resummed known the country are not related to the country are odge of political hierartoriand political sceneric they have boasted of thresth always. But the unity of that knowledge has never been valuable, and it seems that some of the southern thoughts are beginning to find it out. Indeed not a few of them profess to be greature treed. not a few of them profess to be growing ured of pointers and it is well. The politicians will please excusions save the Atlanta Constitution of recent date for woreally have more important metters to look after than politics. When a leading southern paper has made that discovery to has taked a long step foward that tre-establishment of prospertly for which all the southern states are puring. It is a matter almost entirely in the hands of the headsground and devoks themselves to ind is trial and commercial affairs they may not please the politicians so well but they will sarely build up a healthy public sentiment that will inner to the pormanent prosperity of the contract of the provided of the provided of the contract of the will intro to the permanent prosperity of their section. The Constitution's remark 13 spropose of two business enterprises now at tracting attention in its field—the proposed tracting attention in its field—the proposed.

Section 1 is a triffe in the tracting attention in its field—the proposed in the section of the suggestion is a triffe interesting attention in its field—the proposed in the section of the suggestion is a triffe interesting attention in its field—the proposed in the section of the suggestion is a triffe interesting attention. cotton exposition to be held in Atlanta for the benealt of all the southern states The latter is a new project. Its most vigorous champion is there are ten thousand women in Utah chained the nextly astablished Textulo Record of Philato the doctrine of polygamy who would had as dolphia, but it is receiving much favor among accurate the man who would devices say to exhaust the state of t both cotton growers of the south and the cotton spinners of the north The primary object appears to be promotion of sorthorn admirine, by brunging together the people of different sections of the country, and their establishing he seatlment ablered by the Georgia paper, if desired probabled sod rigoroustic militar-t up, will make a personnic by farming the

"tokicty" has been nigried in eastern This will be good nilve for "jusers," redeatly there are too few "societies," as population to now acciety is a bine blood of president suprimes and the preservation of the families of his members from any intusion of mixed or projected a bloods. House, and care enlock in a good thing, "Blue blood' is it thing Cure in marriage is a good ting e**dited Dailes** phasted with his world trependous induces of horadity in all spe-, it is a good third to have med and women ctes, it is a seed third to more ment and women leak to the breed miderwhich they mingle their blood, and see that it is free from all saint of acrotule, of the mind of the discount of any ignoble trait of mind or body. A society that should look to these things and cultimed the should be should Probably the somety has been organic once becomes paufully apparent that the num ber of societies which may be chiered by mon and women whose social natures need opportunity for cultivation, as far ico imited "Give us the United Order of Arrans."

Many nowements have been figuring on the popular vote east in the recent presidential election but he swe of them correspond. They agree, however, in the conclusion that Garfield has a plurality over Hancock which has some, where between three and ten thousand For anawer to several persons who have asked us to publish the popular vote by states it is only necessary to say that the figures are not as yet all obtainable. From several of the southern states estimates only are given. In the northern states Gardeld a majority over Hancock to 533 202. From about half the southern states the figures are so imporfectly reinrued and so tainted with fraud that they show nothing whon printed, and it is not worth while to en ber the columns of a newspaper with there In fact outside of the northern states the re-turns might as well be disregarded altogether

to investigate the grievances of the Ponca In chains with instructions to visit the Indian Ter ritory for that purpose If this commission Here you that guipons if this commission as intelligent and honest and it doubtless is there can be but one result—the property wrested from this tribs the most peaceful and p obtdom under the affects care of the government will be restored and p orthant under use arrest care at me government will be betoped and compensation awapies than for damage "First sight hun dred freemen were loverly taken from hemes,

felt under the shoulder blade, and it frequently extends to the top of the

shoulder and is sometimes mistaken

for rheumatism in the arm. The stomach is affected with loss of appe-

tite and sickness; the bowels in general arc costive, sometimes alternative

with lax; the head is troubled with pain, accompanied with a dull, heavy sensation in tile back part. There is generally a considerable loss of mem-

ory, accompanied with a painful sen-sation of having left undone some-thing which ought to have been done.

A slight, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a paidth to see the cold or burning.

and he complains of a prickly sensa-

tion of the skin; his spirits are low; and although he is satisfied that exer-cise would be beneficial to him. yet

he can scarcely summon up fortitide enough to try it. In fact, he distrusts

every remedy. Several of the above symptoms attend the disease, but cases have occurred where few of them ex-

have been extensively deranged.
